

GROWING JOBS IN UTAH

The Utah Manufacturing Extension Partnership (Utah-MEP) works with small manufacturing companies to create high-paying manufacturing jobs. We are measured quarterly on how many jobs are created or saved by the work we do. We focus completely on driving that job growth and expanding the Utah economy.

Every manufacturing client requires a customized approach focusing on their specific obstacles to growth and profitability. Whatever the need, UTAH-MEP offers the tools, expertise, and flexibility to engage with manufacturers and rural businesses at all levels. Our all-star team of coaches, practitioners, and industry experts have one purpose:

**Help Utah Manufacturers
Grow and Thrive.**
