

GROWING JOBS IN UTAH

The Utah Manufacturing Extension Partnership (Utah-MEP) works with small manufacturing companies to create high-paying manufacturing jobs. We are measured quarterly on how many jobs are created or saved by the work we do. We focus completely on driving that job growth and expanding the Utah economy.

In support of state programs that provide customized training discounts, below is a summary of the Utah-MEP results by their regional areas.

Our all-star team of coaches, practitioners, and industry experts have one purpose:

Help Utah Manufacturers Grow and Thrive.
